

ORAL HEALTH

Tips for Families from the National Center on Early Childhood Health and Wellness

You Can Promote Good Oral Health By:

- Knowing how to make sure you and your family have healthy mouths and teeth
- Helping your children learn good mouth and teeth habits

Why Is It Important?

When Children Have a Healthy Mouth, They:

- Can speak clearly
- Can eat healthy foods
- Feel good about themselves

Having a Healthy Mouth Also Means:

- Healthy growth and development
- Being able to focus and learn
- A pain-free mouth
- Lower dental care costs for your family

Things You Can Do to Help Your Child

- Brush your child's teeth with fluoride toothpaste twice a day.
- If your child is younger than 3 years, brush with a smear of fluoride toothpaste.
-

morning and at bedtime) and floss once a day.

- Serve healthy meals and snacks like fruits, vegetables, low-fat milk and milk products,

whole-grain products, meat, fish, chicken, eggs, and beans.

- Limit the number of snacks your child has in a day.
- Do not give your child food for rewards.
- Take your child to the dentist for a check up by her first birthday and keep taking her.
- If your child has not gone to the dentist take him.
- Ask your dentist what you can do to keep your mouth and your child's mouth healthy.
- Make sure to go to the dentist as often as your dentist would like you to go.
-
