

## Student Reference Guide

Hi Kids! I am so excited for you to use Studies Weekly this year. My name is Revere and I really need your help. I just moved into a new cage and it currently feels just like that, a cage. Can you help me decorate so it will feel more like a home? You will need some Rev Coins to purchase the decorations. Let me show you how you can earn them.

First, go to [www.studiesweekly.com/online](http://www.studiesweekly.com/online) to log in. Talk with your teacher if you need help logging in.

Now that you are logged in. Click on your Studies Weekly publication to see all of the weekly units for this year. Each weekly unit has a circular progress meter to show you what you have accomplished in that weekly unit.

Underneath each progress meter, you will see the tests area. When your teacher makes the test available a green **Take Test** button will appear here. After finishing the test you will see your score and earn some Rev Coins!

Now let's check out a weekly unit. Click on a weekly unit. A list of articles for this week is on the left side.

You can also click on the weekly unit to see the articles for this week.
