Intended Notice of Award Web/URL Filtering

Background

This Intentional Notice of Award (INA) provides for the purchasing of all labor and services as necessary for URL/web content filtering and monitoring.

Eight responses were short-listed to four firms. The four firms awarded are:

1. United Digital Technologies, Inc., partnered with Lightspeed Systems
2. Limix, Inc., partnered with GoGuardian
3. Securly
4. NetScyoper, Inc.

Recommendation

The award is recommended based on the satisfactory performance of the awarded company. Technologies ranked as the highest, ranked 60th in the industry for satisfactory performance of the awarded company.
