RFI 22/23-MM

Opened: January 30, 2023, Quantum Control Software

The District will recognize Component Control's claim to be the software development and Sole Source distributor for Quantum Control software as stated in their letter as a result of no contests being submitted during this RFI. This RFI was broadcast nationwide to over 750 organizations.

We will continue to recognize this for 1 year, at which time we will again verify this claim and post another RFI for those who may wish to challenge.

Effective dates of this Sole Source are from January 30, 2023 – January 29, 2024.
